

WHAT WE DO

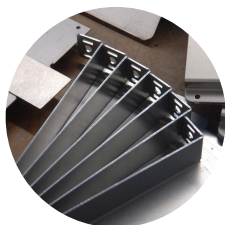

- Experienced in Perforated Metal, Design, Engineering, and Prototyping
- Fabricating, Forming, and Welding of all types of metal, including Carbon Steel, Stainless Steel, and Aluminum
- Leveling, Bending, Shearing, and Corrugating
- Grinding, Polishing, and Secondary Machining
- Screen, Decal, Punch Graphics, and Logos
- Powder Coating, Anodizing, Plating, and PVDF Resin
- Assembly, Packaging, Storage, and Fulfillment
- Short Lead Times/Short Runs and Large Jobs
- 18 Perforating Presses
- 10 Turret Punch Presses
- 16 Press Brakes
- 1 Powder Coating Paint Line
- 3 Laser Tables (Amada and Bystronic)
- Laser Welding, Robotic Welding, Manual Welding, Spot Welding
- Riveting, PEM Insertion

PERFORATED AND FABRICATED METAL

For over 80 years, the Accurate Family of Companies has been a leader in custom metal perforating and fabricating. Our expertise on any project will enhance, reduce costs, and improve delivery.

OUR FACILITIES

Accurate is located in the heart of Chicago. We have over 300,000 square feet of manufacturing capabilities, a full spectrum of state-of-the-art machines, and experienced dedicated personnel. We deliver on each project with capabilities that can tackle concept engineering and design, warehousing and drop shipping, and everything in between. But it's not just what's within our walls that's important. It's what's in your mind. We do whatever it takes to make your dream a reality.

CAPABILITIES AND SERVICES

PERFORATING

- Metal up to 1/4" thick and 60" wide
- Holes ranging from 0.45" to 4" in diameter
- Sheets, coils, blanks, panels, and plate
- Tooling library with more than 2,000 patterns
- Basic holes and slots to hexagons and cloverleaf
- Custom patterns
- Stocking programs are available

FABRICATING

- Shearing, Punching, Forming, and Perforating
- Spot, TIG, and MIG Welding
- Grinding, Polishing, and Secondary Machining
- Hardware, Installation, and Final Assembly
- Tubular, Riveting, and Pop Riveting
- Integrating other materials such as wood, wire, steel tube, and plastic
- Laser Cutting

FINISHING

- In-House Powder Coating
- Decaling, Graphics, and Logos
- Silk Screening Graphics and Logos
- Plating, Anodizing, Polishing, Deburring, and PVDF Resin

ASSEMBLY AND FULFILLMENT

- Intricate Product and Display Assembly
- Detailed and Comprehensive Packaging
- Coordinated Drop Shipping
- Quality Controlled Warehousing
